Sub:-PROHIBITION - Amelioration - Land colonisation Society at Kuvettu - South Kanara District - Proposals - Submitted.

Reference:-C.No.16035/47-A4 dated 11-6-48 from the Collector, South Kanara.

C.R.8523/47-J-2.

Station: Triplicane, Madras,5. Dated 28--9--48.

From

Sri P. Rajagopalachari,
Assistant Secretary, Board of Revenue (Excise).

V.N. Kudva Esq., C.I.E.,I.C.S.
Member, Board of Revenue, and Commissioner of Land Revenue, Excise and Prohibition.

Reference:

During his tour in South Kanara District in November last, it was brought to the notice of the Commissioner of Excise and Prohibition that there were possibilities of forming land colonisation Societies for the benefit of Ex-tappers and ex-addicts in Belthangady in Puthur taluk and also at Mudeshedde and adjacent areas. The Collector, South Kanara was asked to investigate into the possibilities of forming land colonisation Co-operative societies in the areas. As the land in the Mudeshedde village is reported to have been already earmarked for the water supply scheme in Mangalore Municipality and for starting a Cattle Breeding Farm on the lines of the Hosur cattle Farm as a Post War Reconstruction proposal, the Collector has submitted proposals for the formation of a land colonisation society only at Kuvettu, near Belthangady. The total area covered by the scheme is 799.68 acres inclusive of 332 acres of Kumki Area. The Board has however decided to exclude the Kumki area from the scheme. In Government Order Ms.No. 386 Public Health, dated 10-2-1948 (copy enclosed) anti-malarial operations for this area have been sanctioned. The Board therefore considers that there will be no difficulty in inducing people to settle on the colony.

2. Kuvettu is a revenue village lying on the Mangalore charmady trunk road between 32nd and 37th mile from Mangalore to Charmady. The village is otherwise known as Guruvayankere and is about 2 miles from Belthangady. It has gained importance of late for its timber trade and new dwelling houses have also sprung up. The plots proposed to be included in this scheme lie on the Western side of the Village and are quite adjacent to the main road. The land is almost a plateau except for gentle slopes here and there, which can be easily made fit for the purpose of cultivation by levelling and counter bounding etc. under the guidance of Agricultural Department. Paddy is already grown in the areas around these plots and hence there will be not much difficulty in bringing these lands under cultivation.

are
332 acres covered by these ~~pieces~~, Kumki area and 467.68 acres by non-kumki area. The Commissioner of Excise and Prohibition inspected the lands during his tour in the area in August last and found them fit for colonisation. The Land Revenue Branch in its remarks on the proposal, (Copy enclosed) is in favour of including the Kumki lands also in the scheme overlooking the priveleges of Kumkidars over the land and has stated that the land is available and suitable for colonisation and that the ban on assignment of lands is not generally applied in cases of land colonisation schemes. The Board however has decided to exclude the Kumki areas from the scheme and the area proposed to Colonise will be 467.68 acres of non-kumki land. Considering the nature of the soil and the crops being ~~it is~~ rain-fed, ~~he~~ to allot 8 acres of land to each colonist so as to make each holding large enough to support a family. 58 colonists can thus be admitted into the scheme and the lands will be assigned in favour of the society for being allotted to the colonists on the lines indicated in Government Order 681, dated 20-3-1941. Membership will be restricted to ex-tappers and ex-employees of liquor shops in the first instance and will be thrown open to such of the landless members of other communities also later if ex-tappers are not forthcoming in requisite numbers. It has also been proposed to include subsidiary schemes like poultry farming, dairy farming etc. at a later date as fairly good breeds of poultry and buffaloes are available in the area.

it is proposed

4. The Board request that Government may be pleased to (i) approve in general the proposal of the Collector of South Kanara of forming a colony in the area referred to above (ii) agree to the formation of a land colonisation society in the Kuvettu village in Belthangady Sub-taluk under the general scheme of land colonisation societies sanctioned in Government Order 681, Revenue, dated 20-3-41 and to assign the extent 467.68 acres of non-kumki land to the proposed society and (iii) order the proper ploughing of the land with a bull-dozer before assignment. After the Government approved the proposal, a land colonisation co-operative society will be organised in the village and detailed proposals in that behalf will be submitted to Government for their orders. The Registrar of Co-operative Societies who was consulted on the proposal is in agreement with the Board. The Board requests early orders.

Sub:- Malaria - South Kanara District - Puthur Taluk - Scheme of anti-Malarial measures.

I am to inform you that the Director of Public Health, Madras has already submitted to Government a comprehensive scheme of anti-malairial measures, which provides for the introduction of malaria control in selected villages in the Puthur Taluk of the South Kanara District in the first instance and the extension of these measures to other taluks in the district gradually in accordance with the degree of endemicity of malaria in those areas. The total estimated cost of the scheme is Rs.57,000 recurring and Rs.20,000 non-recurring. The scheme has been accepted by Government and it is proposed to introduce it in the current year entirely at Government cost as the District Board is not in a position to meet any ~~xxxx~~ portion of the expenditur

I trust that after these anti-malarial measures are carried out, the proposed colonization area will be free from malaria.

Copy of Education and Public Health Department G.O.Ms.No.386 P.H. dated 10th February 1948.

Sub:-Malaria - South Kanara District - Puthur Talpk - Anti-Malarial Scheme sanctioned.

Malaria is highly endemic along the eastern foot hill region of the South Kanara District. The Director of Public Health considers that malaria control measures are very necessary for this area in the interests of Public Health and land development and that a comprehensive anti-malaria scheme may first be introduced in selected village in the Puthur taluk, the scheme ~~may~~ being extended gradually to other taluks in accordance with the degree of endemicity of the taluks. He has accordingly submitted detailed proposals for the institution of anti-malarial measures in selected villages in the Puthur Taluk. The Government approved his proposals and sanction the following staff for a period of one year with effect from the date of employement.

P.T.O.

Staff;

(1) One Second Class Health Office
(2) One Entomological Assistant
(3) One lower Division Clerk.
(4) Four Health Inspectors.
(5) Fifteen field assistants.
(6) One Laboratory Assistant.
(7) Five peons.
(8) Seventy-two coolies.
at Rs.12 P.M.

The staff will be eligible to draw the usual dearness allowance besides travelling allowance admissible to them under the rules.

2. Sanction is also accorded to the incurring of the following expenditure in connection with the above scheme

Expenditure.	Recurring (Per annum)	Non-recurring. Rs
Spraying Equipment		5,000
Pyrethrun, D.D.T., M.K.E. etc.		3,000
Travelling allowance.	4,000	12,000
Contingencies.	5,000	
	9,000.	20,000

3. The expenditure should be debited to "39 Public Health. c. Expenses in connection with epidemic diseases. B. other epidemics-Malaria-I ordinary areas" The Accountant-General is requested to admit the expenditure in audit pending provision of funds.

4. The Director of Public Health is requested to submit necessary proposals in time for ~~re-recurring~~ re-appropriation of funds required for meeting the expenditures during the current year.

5. The Government consider that as malaria is reported to be endemic in the villages, Hebri, Chara, Nadpal and Kunchur of Karkal Taluk the anti-malarial measures shoud be extended to these villages in the succeeding year. The D.P.H. is requested to take necessary action in the matter in due course.

Sub:- LAND - (South Kanara) - Puttur taluk - kuvettu village-Land Colonisation Scheme for Ex-toddy tappers - Collectors Proposals remarks - Forwarded.

Read:- ~~South Kanara Collector's~~ Board's C.R.8523/47 J.2 dated 29-6-48.

RESOLUTION:.

A perusal of the Collector's letter dated 11.6.48 shows that the land is available and suita le for colonisation. As regards the inclusion of the kumaki lands in the scheme, the Board agrees with the Collector's suggestion that the 382 acres of Kumaki lands may also be included in the scheme overlooking the privileges of the kumakidars over the land. As regards the ban on assignment, the Board wishes to inform the Deputy Commissioner tha this ban is not generally applied in cases of land colonisation schemes.

G.O. Ms. No. 87 dated 10.1.49

The Govt. approve in general the proposal of the Board of Rev. to form a land colonisation Society for the benefit of ex-toppers and ex-employees of liquor shops, at Kuvettu near Belthangady in Puttur Taluk of South Kanara, under the scheme sanctioned in GO. No. 681 Rev. dt 20-3-44. The Govt. consider that some Kurigas, who are the aboriginal Tribes in the district and whose need is greater than that of others, should also be included in the scheme of colonisation.

An extent of 467.68 acres of non-Kumki land in Kuvettu village may be allotted for the purpose to the proposed society. The Registrar of Co-operative Societies is accordingly requested to submit a

R.C.No. 16575/49-G.II Dated 26-10-50

Sub:- Prohibition & Amelioration (South Kanara district) Land Colonisation society at Kuvettu - formation proposals.

Ref:- 1. Government order Ms. 87 (Revenue) dated 10th January 1958
2. Board of Revenue. Reference C.R. No. 8523/47-J2 dated 28th September 1948.

The Board of Revenue in its reference cited as item 2 submitted proposals to Government for the formation of a Land colonisation society at Kuvettu (South Kanara district) with an extent of 467.68 acres Non-kumki area for the benefits of ex-tappers and ex-addicts. Government, in their order cited as item 1, approved the proposals of the Board in general and requested me to submit detailed proposals in the matter. I called for the proposals from the Special Development officer. From the report submitted by him, it is seen that out of acres 467.68 of non-kumki area allotted for this scheme, only about 30 acres are suitable for paddy cultivation. The rest of the area consists mostly of ~~lands~~ laterite soil and hence it coul not easily be converted into arable land without huge cost to Government. The Executive Engineer, the District Agricultural officer and the promoters opined that without bull dozers ploughing and a reservoir at a cost Rs. 50,000/- the lands could not be brought under cultivation. Even then it is doubtful whether 10% of the lands could be brought under cultivation. As regards ploughing of the lands with bull-dozer, the District Agricultural officer is not hopeful of success as the lands in question are purely of laterite soil. It is found impracticable to invest huge sums of money for the ~~cultivation~~ construction of a reservoir and bull-dozer ploughing, when the returns from the lands are expected to be very poor. The promoters have therefore to be content with 30 acres of lands fit for cultivation. Even on these lands, for the first 2 years, paddy crops cannot be raised. As the monsoon is uncertain the first crop cannot be a success in the absence of proper irrigation

p.t.o.

facilities. Construction of big wells with facilities for installing piccotas will cost over Rs. 20000 each. Even then it is not quite certain that there will be sufficient water in the wells for irrigating the lands. At present all the ex-tappers including those who were once anxious to come under this scheme, have settled down permanently and are pursuing different avocations which give them a better return than the scheme proposed to be launched. The proposal was placed before the District Land colonisation Advisory committee. After having considered all the aspects, it has decided to drop the scheme. In view of these circumstances, I am of opinion that the scheme will not ~~be served~~ succeed and suggest that it may, therefore, be dropped.

2/ The Collector of South Kanara, ~~based on the~~ at the instance of the Commr of Excise, has submitted proposals for the formation of a land colonisation Society on a co-operative basis, at Kuvettu, near Belthangady in Puttur Taluk of S. Kanara, for the benefit of ex-toppers and ~~ex-addicts~~ ex-employees of liquor shops run by Govt. The total area covered by the scheme is 467.68 acres excluding the Kumki lands under Kumkidars, as recommended by the Board whereas the Collector ~~and the Land Rev Branch of the Board's office are~~ is in favour of including the Kumki lands also in the scheme (332 acres) overlooking the privileges of the Kumkidars. The lands are reported to be quite suitable for land-colonisation. Considering the nature of the soil and the crops being rain-fed the Board recommends that each colonist may be allotted 8 acres of land so as to make each holding large enough to support a family, thus allowing for 58 colonists being admitted into the Scheme. The lands will be ~~allotted to~~ assigned in favour of the Society to be formed for the purpose for being allotted to its individual members, on the lines indicated in G.O. No 681 Rev. dt 20-3-41 Membership will first be restricted to ex-toppers and ex-employees of liquor shops and will be thrown open to such of the land-less members of the other communities also later if ex-toppers are not forthcoming in requisite numbers. ~~The Board has stated that the ban on assignment of~~

~~xxxds is not generally applied in cases of land colonisation schemes~~. If the scheme is approved, it is proposed to include subsidiary schemes like poultry farming, dairy farming etc. at a later date as fairly good breed of poultry and buffaloes are available in the area

3 The Board requests Govt. to

(1) approve in general the proposal of the Collector of S. Kanara ~~for~~ forming a colony in the area referred to at 'A' on plants;

~~(2) agree to the formation of a land colonisation society in the Koretta village in Belthangady Sub-taluk~~ under the general scheme sanctioned in G.O. No 681 Rev. dt 20-3-41 and to assign the extent of 457.68 acres of non-Kimki land to ~~the~~ proposed co-operative Society and

(2) order the proper ploughing of the land with a bull-dozer before assignment.

After the Govt. approve the proposal a land colonisation co-operative Society will be formed in the village detailed proposals in that behalf will be submitted to Govt. The Registrar of Co-operative Societies is in agreement with the Board in the matter.

With the formation of a Hand Weavers Co-operative Society under the General Scheme sanctioned in G.O. No 61 / Rev 20-3-1941 for the benefit of the ex-trainees and ex-~~workers~~ employees of Lepers Shops in Bethanga Bay, Puttur Tk, S. Kanara D.
